

## IOWATER VOLUNTEERS AND SQUAW CREEK COMMUNITY MEMBERS

### THE SQUAW CREEK WATERSHED COALITION invites you to participate in the IOWATER STATEWIDE WATER MONITORING SNAPSHOT

On Saturday October 11<sup>th</sup> we will sample 54 sites in the Squaw Creek Watershed, including tributaries Prairie and Montgomery Creeks, Gilbert, Onion, Clear and College Creeks, Worrell Creek and others.

In addition to the IOWATER field tests we will collect samples to be tested at the state hygienics lab.

### *HOW CAN YOU HELP?*

- (1) Attend an informational meeting at 6 PM Monday October 6<sup>th</sup> at the State Forest Nursery located on South Duff Avenue (Hwy 69) across from Lowe's.
- (2) Participate in the snapshot event on Saturday October 11<sup>th</sup>. Meet at Brookside Park at 9:00 AM to receive sampling instructions and lab sample bottles. Lab samples and field data must be returned to Brookside Park by 1:00 PM.
- (3) If you are an IOWATER Volunteer, **please check your supplies!** We can assist in replenishing expired, broken or missing IOWATER supplies if you will let us know in advance what is needed. Please check all expiration dates and sampling equipment to ensure that you will be prepared to sample on the 11<sup>th</sup>, and please contact us before Thursday October 2<sup>nd</sup> so that your supplies can be ordered and delivered with the sample bottles. Extra supplies will not be available at the snapshot event.

*It is very helpful for planning purposes to know who will be participating. If you cannot attend the informational meeting but would like to volunteer for the snapshot event, please contact [rick@squawcreekwatershed.org](mailto:rick@squawcreekwatershed.org) or at 708-3047.*
